

Beta Buying Group

Seminar:
Feedback on
DOH
Consultation
on Control
of Entry

Thursday 6 Nov, 2008
Ramada Jarvis
Watford
Hertfordshire

Seminar: 8.15pm –
9.30pm

Dinner: Served from
7.30pm

Pharmacy in 2009...

- The local PCT could decide where new pharmacies can open based on their view of local need (not control of entry)
- Appliance contractors could dispense all prescription for incontinence and dressings items
- The big chains could offer free fruit / exercise DVDs to patients who come to them for prescriptions
- The local PCT could decide that a pharmacy willing to open till 10pm at night can open next to you because it improves access

DOH Consultation
on Control of Entry
**Possibly the Greatest
Threat ever to
pharmacies!**

- Enjoy yourself with a *Scrumptious Indian Meal*
- The evening will also count as *CPD*
- We will explain and *help you feedback* to the DOH
- *Non-members welcome* to attend.

These things could become a reality ...we need to act now.
